

Safety Officer

Bairbre Mullee MA DipH&S MIAI is the company safety co-ordinator. Bairbre graduated from UCD in 2001 having undertaken a Bachelor of Arts Degree in Archaeology and Philosophy and a Master of Arts Degree in Archaeology. Prior to joining CRDS Ltd. Bairbre coordinated the international Theoretical Archaeology Group Conference (TAG), hosted by UCD in 2001. Since taking up employment with the company, her archaeological experience has been extended to include excavation on a variety of site types, archaeological monitoring on both land and underwater sites, linear field assessments, extensive experience in desk based archaeological assessments including the cultural heritage aspects of EIAs and desk based assessments of underwater archaeological sites. Recent desk based assessment projects include the N2 Slane Bypass Cultural Heritage Assessment as part of the EIS; the Navan Mid Meath Water Supply Scheme Archaeological Assessment. Since 2004 Bairbre has been acting as the company safety co-ordinator. She completed an Occupational Health and Safety Foundation Course in 2005 (NISCO) and a Certificate in Safety and Health in 2006 (UCD). She completed the Diploma in Safety and Health in 2008 (UCD).
